PEOPLE FOCUSED. PERFORMANCE DRIVEN.

9/11

Day of Remembrance & Service

Friday, September 11 at 11 a.m.

FSU College of Law • North Rotunda, 425 West Jefferson Street

Come prepare military care packages for our troops!

Leon County Government continues to transform 9/11 from a day of tragedy into a day of service. Join your community in recognizing the heroic efforts of our first responders following the attacks of September 11, 2001.

As part of the reflection ceremony, a member of the community will be awarded the Glenn J. Winuk Humanitarian Award, which honors sacrificial service to our county. The award is made possible by the Tallahassee office of Holland & Knight.

Following the ceremony, everyone in attendance will be asked to prepare military care packages for servicemen and women deployed overseas. Lunch will follow.

SEPTEMBER is National Preparedness Month

Preparation is key to response and recovery--you cannot afford to wait! Leon County Government and the City of Tallahassee encourage our community to be better prepared for emergencies.

And how can you be better prepared? Follow us at www.LeonCountyFL.gov/EI and the City of Tallahassee Emergency Management page at www.Talgov.com/emergency. Follow @LeonCounty and @COTNews on Twitter and Instagram throughout September for tips and information.

To help focus the message, each week will have a different topic. Useful information about ways to protect yourself and your property, items to keep on hand and area resources will be shared via partner websites, social media and area media partners. This year's topics include flooding, hurricanes, wildfires and power outages.

To test the preparedness plan you built over the month, two free online exercises will be offered on September 30 to all North Florida and South Georgia residents. Participants will be guided through a disaster scenario and prompted to answer questions about how they would respond. By working through these exercises, participants will be able to assess their existing crisis plan and identify weak points for improvement.
